

HAVE YOUR SAY ON THE PROPOSALS FOR THE COOPERS HILL SCHEME

Bracknell Forest Council has approved plans to establish a Joint Venture with Countryside Properties. This will continue the successful regeneration of Bracknell town centre following the launch of The Lexicon.

The partnership's first project will be the redevelopment of Coopers Hill Youth and Community Centre. Our aim is to create new homes for families, first time buyers and older people, with the provision of affordable housing, all within walkable reach of the town centre. We want this to be an inclusive community that sits in a green and attractive setting, complementing the surrounding character of the site.

We will be hosting a series of webinars on Wednesday 9 December 2020 and Thursday 10 December 2020.

The webinars will be an opportunity to view a presentation on the proposals, meet the project team and get your questions answered. To register your interest for the webinars, visit our website or get in touch with us by email or telephone.
