

## COOPERS HILL UPDATE: Investigative Works 6<sup>th</sup> to 19<sup>th</sup> April 2021

Dear neighbour,

Bracknell Forest Cambium Partnership has recently submitted a planning application for Coopers Hill and will be undertaking surveys for the proposed regeneration of the site, including provision for 52 new homes and considered landscaping.

We will be conducting site investigation works for the Coopers Hill development between the **6<sup>th</sup> & 19<sup>th</sup> April 2021**. During this time, there will be some noise disruption as part of the intrusive ground investigations works.

The works are standard investigation works, which explore the ground conditions ahead of a proposed development. Site works will be ongoing between **8am & 5pm Monday to Friday** and disruption will be kept to a minimum.

You can read up more on the proposals for the Coopers Hill site on our website at <https://www.coopers-hill.com/> and you can sign-up to receive updates on these works either through the website or by emailing [CoopersHill@fourcommunications.com](mailto:CoopersHill@fourcommunications.com).

You can read up more on wider proposals for regeneration in the borough on <https://www.cambiumpartnership.com>.
